

Hong Kong Institution of Certified Auditors

香港專業審核師學會

Information Note

Product Certification Auditor

There is one grade of registered auditors, i.e. **Registered Auditor (Product)**. There are several disciplines for registration, namely, ready mix concrete, fire product and safety glass.

Registered Auditor shall have the following as a minimum:

- a degree in science or technology;
- five years work experience (four years with a higher degree);
- two years of which related to the relevant disciplines (two or more disciplines can be gained concurrently);
- achieved the status either as a Fellow or Member of HKICA;
- attended and passed a HKICA approved auditor/assessor course or other accepted alternatives; and
- performed four relevant audits as an auditor-in training.

Registered auditor is entitled for designatory letters **Registered Auditor (Product)** and in Chinese nomenclature 註冊審核師(產品) and specific terminologies on various disciplines are as follows:

註冊產品審核師(混凝土)
Registered Auditor (RMC)

註冊產品審核師(防火)
Registered Auditor (F)

註冊產品審核師(安全玻璃)
Registered Auditor (SG)

Annual registration fee as follows:

Registered Auditor (Product) \$200 per discipline
