

Organised CPD Event:

Technical Visit to MTR 1201 Tung Chung Line Extension (TUE) Project – Tung Chung West Station & Tunnels

Programme Highlights:

The MTR 1201 project is a 1.3km westward extension from the existing railway tunnel of Tung Chung Station and the new Tung Chung West Station near Yat Tung Estate. When completed, the project will improve railway accessibility to Tung Chung West and Tung Chung East areas, as well as the proposed developments at Lantau North and the airport expansion plans. The project is commenced in 2023 and expected to be completed in 2029. Rail project quality management, material testing and contract audit will be shared in the visit.
