

Organised CPD Event:

# Technical Visit to Siu Ho Wan Water Treatment Works and Quality Assurance of Water Treatment

## Programme Highlights:

The project will increase the water treatment capacity of Siu Ho Wan water treatment works from 150 000 cubic metres (m<sup>3</sup>) per day to 300 000 m<sup>3</sup> per day within the existing WTW compound, by constructing new water treatment facilities and a new laboratory building and modifying the existing associated facilities. Apart from the site tour of the construction works, the outline of the project, Site Safety Management system and the “4S” implemented on site. Testing and Quality Assurance Procedures from Raw Water to Treated Water will be shared in the site briefing.
