Hong Kong Institution of Certified Auditors

HKICA Registration Scheme for ESG Auditors — Registration Criteria

Issue 1.0 Effective Date: 1 April 2026

FOREWORD

1. The Hong Kong Institution of Certified Auditors (HKICA) , established in 2006, is both a learned society and an International Personnel Certification Body (PCB). It provides certification services across various professional domains in Hong Kong, including quality management, environmental, occupational health and safety, food safety, laboratory operations, and other management systems related professional in Hong Kong. In response to the growing public concern for professional and lack of recognition of professional status of Environmental, Social Accountability, and Governance (ESG) personnel locally and internationally, HKICA expands its certification services to include Carbon Auditors and ESG Auditors.

2. The objectives of the ESG Auditor Scheme are aimed to:
 - (a) promote the professional status of ESG auditors among the public, SME and industry sectors.
 - (b) provide recognition to ESG auditors to attract and retain talented professionals in the ESG field.
 - (c) develop registration schemes for ESG auditors, aligned with the recognized ISO standards related to environmental, social accountability, and governance.
 - (d) establish benchmarks for the competence, expertise, and knowledge of the registered ESG personnel.
 - (e) maintain a publicly accessible database of ESG personnel on the HKICA website to support industry need.

The scheme documents of HKICA are issued in English version. The latest issue will be uploaded to the Scheme website.

1. SCOPE

- 1.1. This document prescribes procedures by which ESG personnel will be assessed and registered.
- 1.2. The mechanism of evaluation of competence of HKICA ESG auditors as stipulated in this “Criteria” is based on the principle and requirement of ISO/IEC 17024:2012 “Conformity assessment – General requirements for bodies operating certification of persons”.
- 1.3. The registration of HKICA-graded ESG Auditors signifies an individual’s competence to conduct ESG audits. The scheme does not specify the auditor’s technical expertise in particular subject areas. Responsibility for determining whether an ESG Auditor possesses the requisite knowledge and technical competence to perform verification or validation for a particular organization rest with the certificate issuing bodies overseeing the verification/validation process
